

Data That Makes a Difference

Improve Operational Efficiencies and Financial Standing

You can only impact what you measure.

Experience the power of all the data in one platform—PaceMateLIVE™.

With the industry's only complete research-grade data set, PaceMate aggregates cardiac data for your customized needs. Apply any combination of filters to track day-to-day and longitudinal success.

1

Query EHR Data within PaceMateLIVE

- ✓ Demographics
- ✓ Medications
- ✓ Medical history
- ✓ Hospitalizations
- ✓ Diagnoses

2

Combine EHR Data with Discrete Cardiac Device Data

- ✓ Device alerts
- ✓ Programming
- ✓ Longevity and thresholds
- ✓ Pacing percentages
- ✓ Arrhythmia burden

3

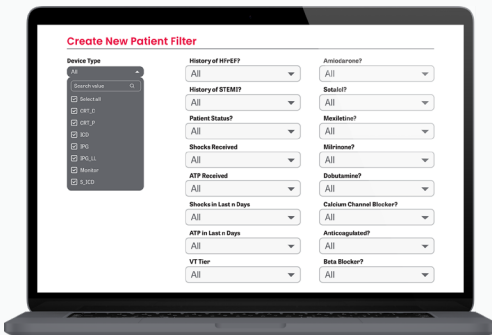

Add Operational Data

- ✓ CPT Codes
- ✓ Claims
- ✓ Billing
- ✓ Reimbursement

4

Select and Apply Customized Filters

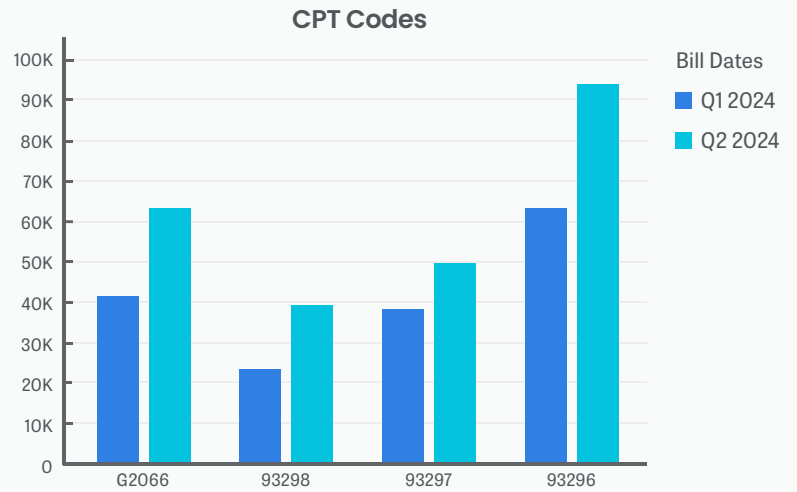

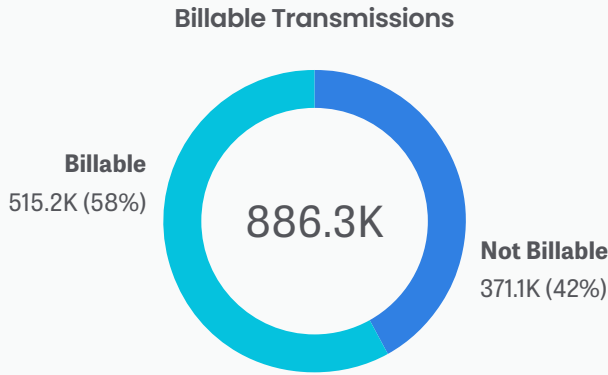

5

View All Data Simultaneously in One Dashboard

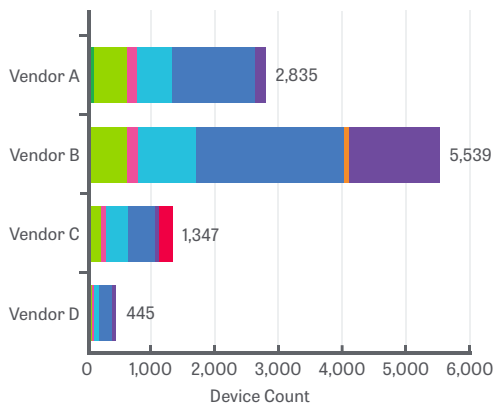

✓ Drive the Bottom Line by Tracking Reimbursement

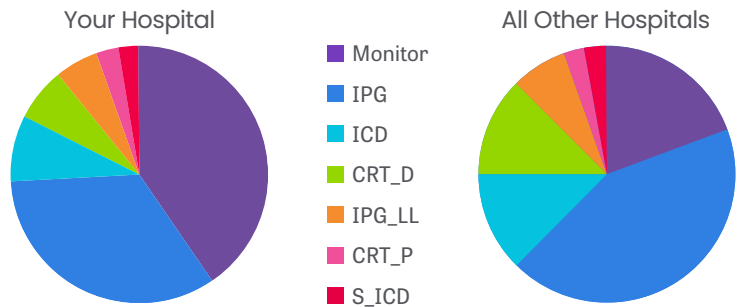

✓ Monitor and Compare Implant Patterns

Implantable Devices by Vendor

Comparison of Implants by Device Type

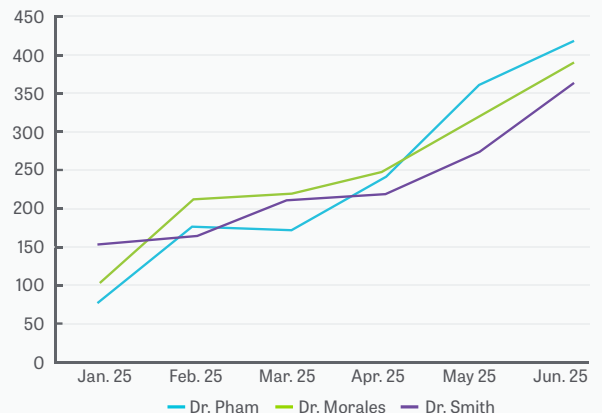

✓ Track Staff Performance and Business Trends

Daily Staff Efficiency Snapshot

Employee Name	Reviewed	Approved	Total
Anna Cohen	10	50	60
