### TOTAL ANNUAL REIMBURSEMENT AVAILABLE

**\$2,274,837\***

\*Assumes average 7.3 billable times per year and average reimbursement of \$34.74. Target + 80% reimbursement. Patient compliance prevents 100% reimbursement.

### BEFORE PACEMATE

- Inability to identify billable events
- Low billing revenue

### AFTER PACEMATE

**6x** increased reimbursement

## 2-3X AVERAGE FINANCIAL ROI WITH PACEMATELIVE

### REIMBURSEMENT INCREASE

- ✔ Automatically identifies patients eligible for billing
- ✔ Ensures timely transmissions during each billable period

### REDUCTION IN STAFFING COSTS

- ✔ Increase staff efficiency
- ✔ Decrease administrative burden

### MINIMIZE HEALTHCARE UTILIZATION

- ✔ Increases number of patients a clinic can manage remotely
